

# Summer's End

August Newsletter

Issue 8

## July & August in the Mountains

**Inside this issue:**

<b>Gallery reception</b>	<b>7 Aug</b>
<b>New Show</b>	<b>4 Sept</b>
<b>Art Festival</b>	<b>25 Sept</b>

July in Cedar Mountain was a very hot and humid one – so many thought! Me, on the other hand, didn't think it was so bad when compared with Florida's summers. I guess everything is a matter of perspective!

Some of the art events in June carried over into July.

The Chamber of Commerce is currently displaying one of my paintings entitled,

**“ Comfort & Joy”**

Friends can be found everywhere !

**The Land of Waterfalls Art Gallery's** new show will be **“Fall Fantasies”** and the opening will be **Saturday, Sept. 4th**

Fall scenes will highlight the show.

Then on **Saturday, Sept. 25th** the gallery will sponsor an Art Festival. There will be Art, Music, Food, and Fun!

\*\*\*\*\*

**.Art & Soul** is making it's presence in downtown Brevard. 4th Friday gallery walks have had good turnouts and wonderful comments.

Painting in July came to a halt due to spending 10 days in Maine & Vermont. A Family Reunion was held in Jay, Vermont at a wonderful lodge managed by my niece and husband. Much time was spent reminiscing, playing games, and singing around a campfire. Two days filled with fun and laughter

Changes have been made to my website and Land of Waterfalls Gallery.

You can go online to check these out at:

I am currently working part-time for Mountain Heart Photography. This gallery is located next door to Land of Waterfalls and has photographers who are contracted by National Geographic, Birds and Bloom, and a variety of wildlife magazines.

Hiking in Dupont Forest and currently riding horseback in the forest has opened up some pretty amazing opportunities and inspirational moments. There are some wonderful trails throughout along with spectacular waterfalls! It's an artists' and photographers' dream. Even if you are neither you can't help but appreciate the beauty all around.

A special thanks to my new acquaintance for sharing her beautiful horses.

It's hard to believe that the dog days of summer are coming to an end and will be followed by school days and holidays!

Where did the year go?

### **In The Mist**

*While riding on the trails in the forest through the early morning mist, it felt magical and mystical. Held in comfort the mist embraced each rider and lead them safely on the path allowing light to guide each step. As the mist lifted and the morning light eased in, the grassy clearings greeted them with a warm welcome. It was surreal as it quietly let go to a new day. .... lar*

### **June 25th Prudential Realty Reception**

*A photograph of one room which displayed some of my original animal related paintings and children's books. Another room had paintings of scenery. A wonderful evening of meeting new people, friends, and returning customers. Thanks to Pat Nolan and other staff members for their warm welcome and for inviting me to take part in this reception.*
